

FEBRUARY EMBROIDERY CLUB ADVENTURE

FUN AND DONE QUILTING!

Friday, February 23RD, 2018

1:00-4:00 PM

Learn this quick and easy method for making and finishing your quilt at the same time!

SUPPLIES NEEDED:

-Prairie Sky Quilting Template. Order from the store early so you will have it by the time we meet.

-Hoop to accommodate your designs. I would suggest simple quilt designs no bigger than 6".

-Designs on your USB or design medium for your machine

-Embroidery thread for your design and a bobbin wound with the same thread as the top color. If your design will only be visible from the front of the quilt, bobbin weight thread will be fine. (Don't forget all the great colors available at the store, and buying 30 gets you a free storage box!).

-Your choice of fabric. Yardage will depend upon number of blocks you will need to complete your project. The backing fabric can be a different fabric from the front and will be cut larger than your front pieces. The front pieces must be at least 8" square and the backing fabric 10" square. Don't cut your fabric before coming. Remember this method works very well for smaller projects like place mats and table runners, too.

-Quilt batting

-Poly Mesh stabilizer

-Remember all your standard supplies like your power cord, scissors, pins, marking pen, sewing thread, rotary cutter and standard sewing foot to sew your binding .

I look forward to seeing all of you in February. Remember your Show & Tell!
I love seeing all your creations.
